

FIVE

5

OVERVIEW

Five Inc. consists of a team of the most experienced and brightest people in the tension fabric and graphic industry. Our goal is simple- provide cost effective products that create engaging and attractive Exhibit, Event and Retail environments. With a culture that thrives on quality and innovation, Five is constantly finding new ways to provide customers unique solutions at the best value possible.

FIVE 5

EXPERIENCE

Simply put, the team at Five has been manufacturing and innovating graphic and hardware solutions for over 25 years.

SIMPLE

Five employs the brightest and most dedicated people in the industry, so you are assured a refreshingly easy and enjoyable customer experience.

RELIABLE

We understand deadlines must be met, so you can rely on Five to provide quality products on time - every time.

ECONOMICAL

We recognize budgets are a reality, so Five has made competitive pricing a top priority.

PRODUCTS

TENSION FABRIC

To ensure quality, we print our covers in-house and have engineered our own aluminum tubing along with a large selection of custom corners, joints, and connectors

WHY FIVE?

- 25+ years experience
- Technical expertise to produce frames of any size and shape
- Covers with vibrant color and a great fit
- LED lighting solutions for backlit structures
- Competitive pricing

SEG

Five combines amazing graphics with an exclusive line of custom SEG extrusions to provide solutions for exhibit, event, and retail applications

WHY FIVE?

- Easy to assemble extrusions for standard frames, light boxes, and cubes
- Bending capabilities
- Economically priced
- A QC process that ensures an excellent fit of every graphic

FABRIC LIGHT BOXES

A combination of superior fabric and premium LED lighting allows Five to manufacture Fabric Light Boxes with amazing richness and color

WHY FIVE?

- Exclusive Light Blanket Technology for the most even lighting available
- Custom designed single and double-sided extrusions ensure even lighting across the entire graphic
- Superior quality fabric with stunning color
- Bright white LED lighting provides true and vivid color
- Value pricing

OVERHEAD DISPLAYS

With both stock and custom solutions, Five provides overhead displays to create the impact needed to drive traffic and focus additional attention on your booth

WHY FIVE?

- Large selection of standard shapes
- Unique custom solutions
- Low prices
- Backlit options

BANNER STANDS & GRAPHICS

When a high-quality, economical, stock solution is needed, Five offers a complete line of indoor and outdoor Banner Stands and Inline Displays.

WHY FIVE?

- Priced to appeal to budget-oriented solutions
- Our 'Stress Free Warranty' allows you to buy with the confidence of knowing we stand behind our products
- Inventory of all of the most popular stands
- Highest quality banner and replacement graphics for the stands of a variety of suppliers

RIGIDS & FLEXIBLES

Five's in-house manufacturing capabilities include cutting-edge UV print and CNC technology. With these abilities, we are able to produce signs, banners and routed letters on a diverse range of rigid and flexible substrates.

WHY FIVE?

- Ability to print on a diverse range of products like vinyl, window cling, floor graphics, foam board, PVC etc..
- CNC capabilities for routing and more efficient finishing of banners and signs
- High resolution prints with brilliant color
